## Full-stack Developer

I am a full-stack developer with 7 years of experience, specializing in Next.js, Nuxt.js, TypeScript, React, Python, Node, Express.js, Spring Boot, Laravel, Vue.js and Ruby on Rails. I love coding and challenging new technologies, and as a problem solver, I come up with creative and effective ideas to meet dead lines. Throughout my journey, I have contributed to numerous projects that have left a mark for companies across various domains, both locally and globally. As before, I am always ready to strive for my company and clients' success.
